a. If this is not possible as determined by the Office of the Dean of Students, the order in which candidates appear on the ballot for each race shall be randomized by the Chair of the Election Supervisory Board. This random order will be the order of candidates on every ballot and shall be made known to the candidates at least forty-eight (48) hours before voting begins.

Chapter X - Election Calculations and Results

Sec. 10.1 REVIEW OF DROOP QUOTA. Annually, the ESB will review and approve the Droop Quota method to be used for the upcoming election to certify election results. The Drop Quota will be communicated in writing to the entities that participate in campus-wide elections and announced at the candidate seminar.

Sec. 10.2 CERTIFICATION OF VOTES. The Dean of Students and the Election Supervisory Board Chair shall certify the votes in all races that are part of Campus-Wide Elections immediately following the closing of polls.

Sec. 10.3 VOTE CALCULATIONS FOR SINGLE-WINNER ELECTIONS. In calculating the votes of any single-winner race, the candidate who receives a majority of first choice votes will be certified in the respective position.

a. If no candidate receives a majority, the candidate with the fewest first choice votes will be eliminated, and each vote cast for that candidate will be transferred to the next ranked candidate on that voter’s ballot.

b. If, after transfer of votes above, any candidate has a majority of the votes from the continuing ballots, that candidate will be certified in the respective position.

c. If no candidate receives a majority of votes from the continuing ballots, this process of transferring votes will be repeated until one candidate has a majority of votes and they will be certified in the respective position.

Sec. 10.4 VOTE CALCULATIONS FOR MULTIPLE-WINNER ELECTIONS. In calculating the votes of any multiple-winner race, first choice ballot rankings initially qualify as full value votes for those respective candidates. A quota of votes necessary to be certified for a position, the Droop quota, will be calculated as one vote plus the quotient, rounded down, of the number of ballots cast and one plus the number of positions available in a race. When, at any stage of the count, any candidate meets or surpasses that quota, they will be certified in the respective position.

a. When, at the end of any stage of the count, the number of votes received by any such elected candidate exceeds the quota, the excess votes are transferred to the voters’ next preferred candidates, but each vote will be transferred with a value equal to A divided by B. “A” will be defined as the product of the number of excess votes of the transferring candidate and the value of the vote when received by that transferring candidate, and “B” will be defined as the total number of votes received by the transferring candidate. The initial value of a first preference vote is one (1) vote. Ballots that did not rank down to this level are discarded.

b. The above step will be repeated for each candidate with excess votes, in descending order of excess votes. If a new candidate meets the quota due to a transfer, they will be certified for the respective position. If they exceed the quota, their excess votes are also transferred.

c. After this process, if any positions remain to be filled, the candidate with the fewest votes is eliminated. Those votes are transferred to the
voters’ next preferred candidates at the same value when received by the eliminated candidate. This process of distributing excess votes and eliminating candidates will be repeated until the number of candidates meeting the quota equals the number of positions to be filled or the number of continuing candidates equals the number of remaining unfilled positions, in which case, the continuing candidates will be certified in the respective positions.

Sec. 10.5 TIE IN ELIMINATING CANDIDATES. In the case of a tie between candidates to be eliminated with the fewest number of votes, the candidate with fewer votes from the previous round will be eliminated. If the tie occurs on the first round, then one candidate shall be eliminated with the flip of a coin and verified by the Chair of the Election Supervisory Board or Justice of the Supreme Court.

Sec. 10.6 ELECTION RESULTS ANNOUNCEMENT. Results of any election under this Code shall be announced no later than seventy-two (72) hours after the polls close for the election. This timeline allows for all complaints and appeals to be fully resolved before election results are ratified and announced. The location of both the announcement and posting of the results is to be announced by the Election Supervisory Board no later than the candidate seminar.
